

Isn't it time to trade up?

Benefits of RELOC Wiring Solutions:

- Lowest installed cost
- On-site labor reduced up to 70%
- Increased profit, productivity and safety
- Enhanced project management
- Easy to install

Test Drive RELOC[®] Wiring Today and Leave MC Cable in Your Rear View Mirror

We are confident RELOC Wiring Solutions will save you time and money when installing lighting fixtures. Between now and August 31, 2019, you can try it for just \$1 per component!! Leave MC Cable in your rear-view mirror and start putting more money in your pocket today!

How does the Test Drive program work?

1. The Test Drive program is intended for first-time RELOC Wiring Solutions users only.
2. Identify 35 new fixtures in which to install RELOC Wiring Solution.
3. Ask your local [Acuity Brands Lighting Representative](#) to order the material you need at the cost of \$1 per component.
4. Qualifying material is specific to lighting fixture cables and accessories.
5. Install RELOC wiring between now and August 31, 2019, take your time studies, and let us know how it compares to MC Cable.
