

Full Circle LED

Bend the rules.

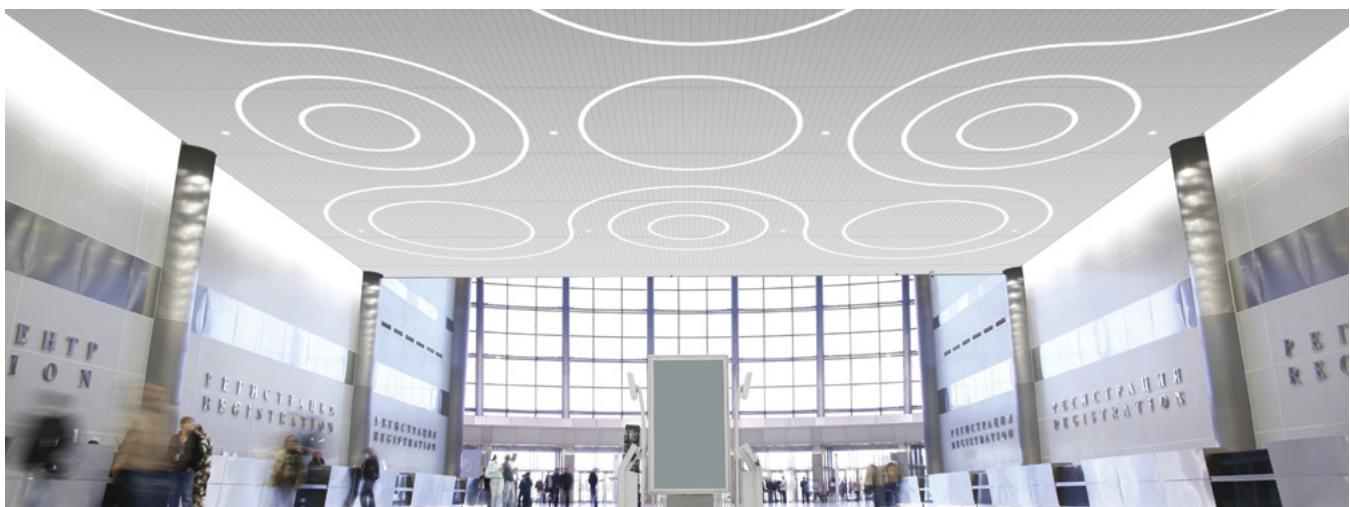

Who wants to stay inside the lines? Combine radius and straight sections, circular luminaires, and organic shapes to bring your sketchpad to life. Choose integrated nLight® controls that are as brilliant as the luminaire.

Beauty is in the details.

Key Features

- **Limitless design potential:** Available in circular luminaires, radius and straight sections, organic shapes
- **Incomparable dimming control:** Constant current LED driver offers programmed dimming and smooth, flicker-free dimming to 0.1%
- **Unexpected efficacy:** Designed to deliver 85 Lm/W from a beautifully decorative form
- **Optional downlights:** Integrated downlight modules can be designed anywhere along the length of the fixture with a minimum spacing of 2ft on center
- **nLight[®] intelligent controls:** Can be specified as nLight enabled for compatibility with the entire suite of nLight control devices - photo and occupancy detection sensors, wallpad control stations, and more
- **Easy installation:** Proprietary installation method eliminates installation concerns
- **A+ Certified:** Configurations support A+ Certified Solutions for lighting and control systems that operate compatibly and consistently

A+ Certified solutions from Acuity Brands help you quickly and confidently select and implement lighting systems, for indoor or outdoor applications, that are both compatible and consistent.

For lighting applications, A+ means verified consistent performance, visual appearance and system interoperability of all luminaires and controls within the certified solution. For lighting professionals, it means confidence that all parts of the lighting system will work together and meet common Acuity Brands specifications.
