 **LITHONIA
LIGHTING.**

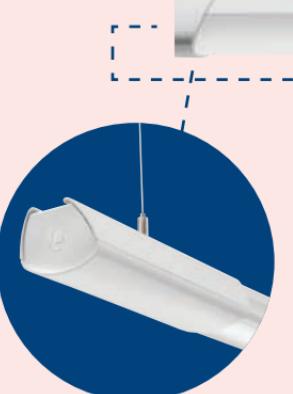

A brand you have always trusted.
A look you have always wanted.
A value you won't believe.
Lithonia® Linear.

Lithonia® Linear

Engineered with Simplicity in Mind

Suspend in Any Ceiling

Lithonia® Linear (LL) accommodates ceiling heights of up to 20 feet

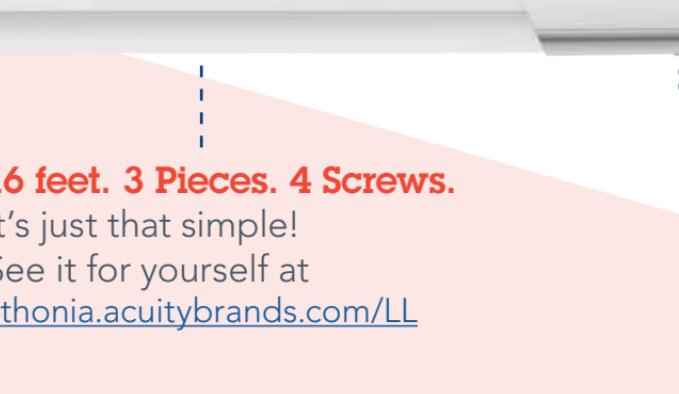

Single Power Drop

Power drop can be placed at the end or center of the fixture for maximum flexibility

Lightweight

An 8-foot fixture weighs only 7.5 pounds and a 16-foot fixture weighs only 12 pounds allowing for simpler installation and less time on the job

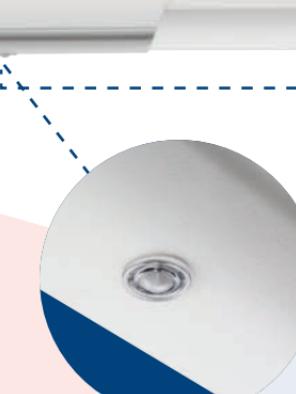

16 feet. 3 Pieces. 4 Screws.

It's just that simple!
See it for yourself at
lithonia.acuitybrands.com/LL

13% Uplight

Just the right amount of light eliminates cave effect in dark ceiling planes or open ceiling spaces

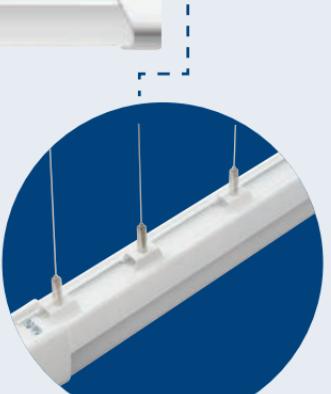

VERTEX™ Sensor

Minimalist sensor for lighting controls helps LL maintain a neutral design

Sliding Brackets

Brackets can be moved anywhere on the back of the fixture for maximum versatility during installation

Simple. Flexible. Affordable.

Everything you'd expect from
The Best Value in Lighting™
