

# SPSL LED

LED Shop Light

## Innovation Doesn't Stop at Utility

The SPSL LED Shop Light by Lithonia Lighting® delivers a new, innovative approach to task lighting. SPSL features dual integrated speakers that provide clear high-definition sound to accompany efficient, LED lighting. Bluetooth® technology allows you to stream music or answer phone calls wirelessly from your smartphone or tablet. SPSL is even compatible with smart home devices such as Google Home and Amazon Alexa.

The SPSL is easy to install at your preferred height with included aircraft cables and the convenient pull chain provides easy on/off operation. SPSL is the perfect addition for a workshop, garage or other utility workspace and is also ideal for entertaining spaces such as a game room.

### Features

- Dual integrated Bluetooth speakers and high-powered microphone allow you to stream music and answer phone calls wirelessly when paired with Bluetooth-enabled devices
- Available in a modern, round form factor that complements most any environment
- Produces 4000 lumens with a 4000K color temperature that is suitable for task lighting
- Efficient LEDs provide 50,000 hours of reliable, even illumination
- Compatible with smart home devices such as Google Home or Amazon Alexa for even more convenience
