# ARC LED Wall-Mounted Luminaires

## Visually Comfortable Optics

Recessed diffused lens to cut off high angle light and reduce glare. Combination of diffused lens and reflector design has low surface brightness creating a visually comfortable environment with great distribution. LEDs are fully hidden from view to eliminate pixelization and harsh glare.

## Key Features

Clean look with no fins for a true architectural style that looks great on any building.

Emergency battery backup integrated into the luminaire housing for a clean aesthetic.

Built-in wet location wiring compartment for applications with no existing junction box.
