

Juno® SlimBasics™ JSBT Tapered LED Surface Mount Disk Light

Surface Mount Downlights

SlimBasics™ Tapered LED Disk Light Series comes in 4in. and 6in. sizes and provides even illumination where you need it most. Matte white aluminum housing is aesthetically pleasing and mounts either to the ceiling or wall for versatility within each application.

Designed to provide good lighting quality, while also being budget friendly, JSBT is the lowest total installed cost solution for residential spaces. Perfect for use in single-family, multi-family and light commercial spaces including kitchens, closets, hallways, bathrooms, laundry rooms and much more.

Features include:

- JSBT 4in. = 750L
- JSBT 6in. = 990L
- 3000K and 90CRI
- Wet Location listed
- 120v – Triac dimming down to 10%
- Mounts to industry standard junction boxes (no bracket required)
- 50,000 hours at L70
- Suitable for use within closet storage spaces
