LED Track Fixtures

# Juno Trac introduces WarmDim® to T261L and T381L series

## Performance:

- 1195 peak lumens, 16 watts
- 3000K-1800K dim-to-warm high-performance LEDs
- 90 CRI minimum standard
- Chromaticity within a 2-step MacAdam Ellipse for fixture-to-fixture color consistency
- Field interchangeable, micro-optic assemblies create uniform spot, narrow flood, flood, or wide flood beam distributions
- Fixtures may be specified with alternate track adapters, enabling these fixtures to be compatible with most non-Juno branded track systems
- 50,000-hours rated life, 5-year warranty
