Sign-Vue® LED III

SVLED3 – Media Sign Lighting

The Sign-Vue LED III is the premier solution designed to meet the needs of the media sign lighting market. Built on a new 3rd generation light engine and dedicated optics for any size sign lighting application, the SVLED3 provides exceptionally uniform illumination while saving energy and reducing maintenance costs. Engineered to deliver superior uniformity and higher LPW than all competitors, the new SVLED3 even provides up to 33% energy savings over the previous generation SVLED2 product.

- + Replaces up to 400W HID fixtures with 6,300-20,700 lumens
- + Exceptional light and color uniformity eliminates yellow edges
- + 5700K CCT, 80 CRI minimum standard
- + Robust IP66 rated silicone and prismatic glass optic design increases performance and reduces dirt depreciation
- + Low profile form factor and under 25 lbs.
- + 20+ years service life with lumen maintenance of L70/100,000 hours
- + 5,000 hour rated salt spray finish
- + ANSI C136 Extreme 20kV/10kA surge protection standard, with indicator light feature
- + Simplified installation with toolless entry and prewired three-stage terminal block
- + Mounts to 1.25" round pipe (1.66 in. O.D.) or 1.5" square tube
- + Optional field-adjustable lumen output provides flexibility for both rural and urban applications

SVLED3- Media Sign Lighting

Color Uniformity

Greatly improved color uniformity will eliminate "yellow edges"

Max Weight: 26.1 lbs (11.8 Kg)

Max EPA: .67 ft² (.06 m²)

Standards Ambient Rating:
40°C Wet Location

Warranty five-year limited warranty. Full warranty terms located at <https://www.acuitybrands.com/support/warranty>. Product specifications may change without notice. Please contact your sales representative for the latest product information.
